

PUMPCOAT

THE RIGHT SOLUTION TO YOUR PUMP AND COATING PROBLEMS

CASE HISTORY 002 -

MANUFACTURING DRAWINGS GIVES CUSTOMER ALTERNATE SOURCE FOR CRITICAL PARTS

1) **Problem:**

Power plant in New England needed to decrease spare parts inventory.

2) **Circumstances prior to failure:**

Plant maintenance people needed spare parts for repair of boiler feed pump, but OEM lead times were too long.

3) **Pumpcoat Solution**

Pumpcoat used pump parts from stock to make manufacturing drawings, prior to customer depletion of stock.

Customer now had alternate vendor, with shorter lead time, for sourcing repair parts.

OUR MISSION IS TO PROVIDE HIGHLY TECHNICAL AND
RELIABLE SERVICE THROUGH OUR ESTABLISHED NETWORK
OF AFFILIATED VENDORS AND STRATEGIC PARTNERS.
